Forecast for Tuesday 25 Jun 2024

Weather: A fairly cloudy start to the day, with light winds. The cloud will tend to break in the afternoon, allowing warm spells of sunshine to develop and high UV levels likely again. Remaining dry throughout.

Chance of cloud-free hill tops above 800m: 70% (mostly in the west of the park) quickly becoming more than 95%.

Low Cloud and visibility: Mediocre in any early low cloud, with bases as low as 500m, this soon lifting during the morning. Otherwise fair weather clouds well above summits expected. Visibility generally good or very good through the day.
